

Job Title: Trainee, Finance Solutions

Cargotec is at the forefront of the transformation in the cargo handling industry. Our cargo handling solutions and services make global trade smarter, better and more sustainable. As leaders in ports, on roads and at sea, our business areas Kalmar, Hiab and MacGregor have a unique position to optimise global cargo flows and create sustainable customer value.

Join us for a smarter and better everyday

We are looking for a Trainee to support us in the Finance Solutions team within Group Information Management. Next to Finance system development and service management, we are currently working intensively on the activities around the planned structural changes of the Cargotec Group companies. Joining our team is a unique opportunity to get a glimpse of activities related to Finance solution development on the one hand and participating in a global transformation program on the other hand side.

Main tasks and responsibilities:

- Supporting the development and implementation of new Finance solutions
- Maintaining and troubleshooting existing solutions
- Researching and evaluating new technologies and trends in the Finance and Information Technology area
- Supporting the Finance Solutions stream in the global transformation program (e.g., documenting processes and solution setups, preparing and supporting test case execution, etc.

What you'll need to succeed:

Ideally you are studying for a Bachelor's or Master's degree in Finance or Information Technology, Business Administration or similar. Prior working experience is appreciated but not required. Ideally, you have had first touchpoints with ERP systems (e.g., SAP) and other Finance applications. We are looking for a quick learner with a strong attention to accuracy as well as problem solving and strong communication skills in English.

The position is preferably located in Helsinki or Kaarina, Finland. The trainee period lasts from May to September, but exact duration can be agreed with some degree of flexibility. Partly remote working after the induction period is possible.

We offer you:

We offer you an opportunity in a global organisation to put your skills and knowledge into practice in various meaningful working tasks. We value collaboration in our open and inclusive culture and you will get to work with colleagues and peers from other companies and with a range of different backgrounds. These tasks will provide a great opportunity for you to grow professionally - and have fun while doing it!

Our trainee network goes beyond a typical internship experience, creating a holistic environment that nurtures both professional and personal growth. You will be part of the team with the opportunity to be given more responsibilities as your capabilities grow. The traineeship is active

during the summer, providing opportunities to connect with fellow trainees through various activities and events.

Interested to join?

If you are excited about this opportunity, please submit your application with your CV by the latest 10.3.2024! We are reviewing the applications continuously and will fill the position when we find a suitable candidate.
