

Job Title: Trainee, Supervisor

Kalmar keeps global trade moving. Our innovative solutions contribute to every fourth container movement in the world and help transform the future of cargo handling. We believe in collaboration, delivering on our promises and that people make the difference.

Making your next move count

We are looking for a trainee to work in our proto workshop as a team leader of assembly team in the Tampere Competence Center. Position requires close co-operation with different functions in Tampere site.

Main tasks and responsibilities:

- Oversee production operations during summer vacation period

What you'll need to succeed:

- 3rd or 4th year student in automation, mechanical or electrical engineering (B. Sc. or M.Sc.) or equivalent
- Previous work experience in assembly/production
- Previous experience of working as a team leader is an asset
- You have genuine interest in machinery and good teamwork skills
- Systematic and proactive way of working
- Knowledge of Google tools, MS Office tools and SAP is an asset
- Written and verbal communications skills in English

We offer you:

We offer you an opportunity to put your skills and knowledge into work with diverse tasks. We value collaboration in our open and inclusive culture and you will get to work with great colleagues from different backgrounds. With us, you will have the opportunity to learn and develop yourself professionally - and have fun while doing it.

Our trainee network goes beyond a typical internship experience, creating a holistic environment that nurtures both professional and personal growth. The traineeship is active during the summer, providing opportunities to connect with fellow trainees through various activities and events.

Interested to join?

For further information please contact Jukka Vesamaki, Manager, Proto workshop and Test field by email address: Jukka.Vesamaki@kalmarglobal.com

If you are excited about this opportunity, please submit your application with your CV by the latest 10.3.2024! We are reviewing the applications continuously and will fill the position when we find a suitable candidate.
