

## Job Title: Trainee, R&D

*As pioneers and global leader, Hiab is ambitious to write forward our success story, inspiring and shaping our industry. The world in which we operate with our class-leading products, intelligent services and innovative digital solutions is constantly changing.*

### Together, we keep everyday life moving to build a better tomorrow

Hiab's Demountables, Forestry and Recycling Cranes R&D team is looking for a Trainee, R&D. You will be based in Raisio, Finland.

### Main tasks and responsibilities

- Design activities in cooperation with other R&D specialists and support different stakeholders
- Responsible for own work results (technical documents are at an agreed level etc.)

### What you'll need to succeed

- Ideally you are studying in a university of applied sciences or university in a relevant technical field, like mechanical or vehicle engineering, hydraulics, automation etc.
- Experience of 3D (2D) CAD tools is a big benefit.
- Good skills in Google tools (Drive, Docs, Sheets etc)
- Good spoken and written English and Finnish.

### You will be part of

We offer you an opportunity to put your skills and knowledge into work with diverse tasks. We value collaboration in our open and inclusive culture and you will get to work with great colleagues from different backgrounds. With us, you will have the opportunity to learn and develop yourself professionally - and have fun while doing it.

Our trainee network goes beyond a typical internship experience, creating a holistic environment that nurtures both professional and personal growth.

The traineeship is active during the summer, providing opportunities to connect with fellow trainees through various activities and events.

### Interested to join?

If you are excited about this opportunity, please submit your application and CV by 10th of March!
